SIDE & REAR BOUNDARY

APPLICATION

CHECKLIST

- ◆ IDAS Form 1 application form (attached)
- ◆ The Performance Criteria P2 (a) – (c) is to be addressed in the spaces provided on the attached sheet. The criteria **must** be addressed and the application will not be assessed if all of the specific criteria are not addressed, clear explanations are to be given on how the proposed structure meets the criteria.
- ◆ 2 copies of a Site Plan showing the whole allotment, where all existing structures are on the allotment (if any) and where the proposed structure is to be located with the distances from the boundaries.
- ◆ 2 copies of Elevation plans showing the front, side and rear elevations of the proposed structure.
- ◆ Photographs are optional, but can assist with the application. If photos are provided they must clearly explain what the photo is of and why the photo is relevant to the application. Photos are to be provided on A4 paper (either printed on or stuck to) with the explanation of the photo written or printed below the photo.
- ◆ Application fees of \$315.00

Note – If your allotment is under 450m² a different criteria is used for determining siting requirements.

Criteria to be addressed for Side and Rear boundary setback dispensation

(Please note – Criteria is to be addressed in the spaces provided, if there is not enough space provided complete on a blank piece of paper and attach)

If structures are to be constructed closer than 1.5metres for a single storey structure and 2metres for a double storey structure from the outermost projections (i.e. the edge of the eaves and guttering) to the side or rear boundary line of a property then the following Criteria are to be addressed outlining how the proposed structure in the proposed location when constructed will not have any affect on the following areas.

Note: This criteria is also to be used for garages, sheds and carports where the total length of structure closer than 1.5metres to the side or rear boundary is greater than 9metres in length or the garage, shed or carport has an average height which is greater than 3.5metres.

The questions are a guide to the information that is to be given for each of the criteria, they are not designed to be yes, no answers, If all information is not provided it will delay the processing of your application.

What is the nature of the encroachment and how far is the proposed structure to be constructed from the side and/or rear boundary? The measurement is from the outermost projections of the structure (i.e. edge of eaves).

PERFORMANCE CRITERIA AS STATED IN QUEENSLAND DEVELOPMENT CODE – MP 1.2

P2 – Building and structures –

(a) Provide adequate daylight and ventilation to habitable rooms; and
i.e. does the structure in the proposed location block the light and ventilation to habitable rooms on the allotment where the structure is being built?

(b) Allow adequate light and ventilation to habitable rooms of buildings on adjoining lots.
i.e. does the structure in the proposed location block the light and ventilation to habitable rooms on the neighbouring allotment?

(c) Do not adversely impact on the amenity and privacy or residents on adjoining lots.
i.e. does the structure in the proposed location affect the amenity and privacy of the neighbouring properties?

Notes for completing this form

- Section 261 of the *Sustainable Planning Act 2009* prescribes when an application is a properly-made application. Note, the assessment manager has discretion to accept an application as properly made despite any non-compliance with the requirement to provide mandatory supporting information under section 260(1)(c) of the *Sustainable Planning Act 2009*

Applicant details

- Where the applicant is not a natural person, ensure the applicant entity is a real legal entity.

Question 1

- Schedule 3 of the Sustainable Planning Regulation 2009 identifies assessable development and the type of assessment. Where schedule 3 identifies assessable development as "various aspects of development" the applicant must identify each aspect of the development on Tables A, B and C respectively and as required.

Question 6

- Section 263 of the *Sustainable Planning Act 2009* sets out when the consent of the owner of the land is required for an application. Section 260(1)(e) of the *Sustainable Planning Act 2009* provides that if the owner's consent is required under section 263, then an application must contain, or be accompanied by, the written consent of the owner, or include a declaration by the applicant that the owner has given written consent to the making of the application. If a development application relates to a state resource, the application is not required to be supported by evidence of an allocation or entitlement to a state resource. However, where the state is the owner of the subject land, the written consent of the state, as landowner, may be required. Allocation or entitlement to the state resource is a separate process and will need to be obtained before development commences.

Question 7

- If the premises is listed on either the Contaminated Land Register (CLR) or the Environmental Management Register (EMR) under the *Environmental Protection Act 1994* it may be necessary to seek compliance assessment. Schedule 18 of the Sustainable Planning Regulation 2009 identifies where compliance assessment is required.

Question 11

- The *Building and Construction Industry (Portable Long Service Leave) Act 1991* prescribes when the portable long service leave levy is payable.
- The portable long service leave levy amount and other prescribed percentages and rates for calculating the levy are prescribed in the Building and Construction Industry (Portable Long Service Leave) Regulation 2002.

Question 12

- The portable long service leave levy need not be paid when the application is made, but the *Building and Construction Industry (Portable Long Service Leave) Act 1991* requires the levy to be paid before a development permit is issued.
- Building and construction industry notification and payment forms are available from any Queensland post office or agency, on request from QLeave, or can be completed on the QLeave website at www.qleave.qld.gov.au. For further information contact QLeave on 1800 803 481 or visit www.qleave.qld.gov.au.
