A site plan/drawing showing the location of the proposed works in relation to the allotment frontage with all services, structures and trees within the road reserve clearly shown and identified Must Be Attached To This Application.

CONDITIONS OF PERMIT

The Carpentaria Shire Council appoints the Permit holder as the person in control of the workplace who must ensure all relevant requirements are carried out in accordance with the permit and in compliance with the *Work Health & Safety Act 2011*.

- 1 Work must not commence prior to:
 - (a) Payment of fees and granting of a permit;
 - (b) Determining the location and depths of all services (NOTE:The applicant must pay the cost of restoring any damage caused).
- 2 The applicant will indemnify the Council against any claims whatsoever, including all costs and expenses arising from the works.
- 3 The works must be constructed in accordance with the relevant Carpentaria Shire Council Standard Specification and Drawings or as otherwise approved by Council.
- 4 Depending on the type of works, various inspections will be required. These are listed in the Permit section below. Engineering Department requires 24 hours notice to arrange any inspection (clear of weekends and Public Holidays).
- 5 A final inspection is required to ensure that the work is completed to Councils approval and the surrounding area of the driveway crossover is made safe for pedestrians and postal deliverers.
- 6 Failure to comply with Council requirements may result in Council taking action and costs being charged to the Permit holder.
- 7 This Permit is valid for a period of three (3) months from date of approval, or until.....
- 8 Maintenance of driveways and stormwater drainage from the property to the kerb is the responsibility of the property owner.
- 9 This Permit gives no approval for any trees, shrubs or plants to be removed.

I hereby apply for a permit to carry out the works described above and if the permit is granted, undertake to adhere to the Conditions of Permit.
