## **WATER RESTRICTIONS**

Council wishes to advise the Community of Normanton and Karumba that water restrictions will be in place until further notice.

Due to the first flush of the season at the Glenore Weir as a result of the recent high intensity rainfall causing dirty inflows, and recurring power outages, the Normanton Water Treatment Plant is unable to sufficiently produce water. Commencing today, Council asks that **ALL** water usage be reduced so we do not draw down our reserves. Please refrain from watering your gardens.

Council is working hard to clean the incoming flows to restore the production of drinking water.
